"Achieving Excellence Together"

July 15, 2022

Dear Fulton County Middle School Families and Students,

It is with great excitement that I write this letter introducing myself as the Principal of Fulton County Middle School. It is truly an honor to become part of the Fulton County community and family. I am humbled and appreciative of the opportunity given to me to lead in this amazing district. Education is my passion and I can not wait to share that with the students, staff, parents, and community of Fulton County. It is an honor to accept this position and my promise is to ensure to do what is best for every student, every day!

My view on education is that it is a lifelong learning process and I will continue to learn everything there is to know about Fulton County Middle School and the community. If we aren't learning then we aren't growing! Change is inevitable, and I plan on making this a smooth transition for everyone involved. Things may be different, some may be the same, and new things will ultimately happen, but know that each day my intent is to serve the students, staff, parents, and community to always make them better.

I look forward to meeting everyone soon. We are embarking on a new adventure together and I know we will achieve many amazing things along the way. Relationships between the families and the school are crucial to the success of students, therefore I encourage you to be involved in any way possible. I plan to work this summer with the other leaders in Fulton County to make this a smooth transition for everyone. I am excited to begin this journey of **TOGETHER EVERYONE ACHIEVES MORE! GO PILOTS!**

Sincerely,

Nicki Thompson

Principal, Fulton County Middle School

PROFICIENCY, POSITIVE RELATIONSHIPS, & PILOT PRIDE
