

## Fulton County Schools All District Announcement

---

November 11, 2020

Dear Pilot Families,

Good afternoon! I hope all of you are doing well. First and foremost, I would like to thank our veterans for your service to the United States. As always, the goal of Fulton County Schools is to ensure the safety of students and staff while providing the best possible education during these challenging times. If your child is sick, has tested positive for COVID-19, or is quarantined from a recent exposure we ask that you contact the school nurse, Natasha Fields, to help us with our contact tracing effort.

We believe transparency is essential to keep everyone safe. As of November 11, 2020, there has been a report of 2 high school students who has tested positive. We are unaware of where the case were contracted.

If your student(s) has been in contact with the positive case, you will be notified. As the holiday season approaches, please strive to be as safe as possible. Your support and commitment are greatly appreciated as we work through this together. As always, **PILOTS WILL PREVAIL!**

Interim Superintendent Chambers
